Your #1 Miracle Superpower

# Divine Dancer

DIVINE DANCER

Based on the information you've shared with us, and what you've told us about yourself, your #1 Miracle Superpower is what's known as the "Divine Dancer".

Here's what that means

## Your Motto: Trust in the Universe

DIVINE DANCER

**Divine Dancers** have a deep inner knowing that everything will work out for their highest good, and their biggest superpower is the ability to relax and trust in that.

Divine Dancers tend to connect deeply to nature, and that's often where they feel the most ease, peace and joy. They see every day as an opportunity to release what no longer serves them and to open up to higher vibrations of love.

They live in the magic of the present moment and are devoted to practices that deepen their connection to the infinite energy of the Universe. Divine Dancers live life in the flow, following signs and synchronicities that guide their next steps.

That ability to surrender and trust the Universe is what allows you to attract more miracles in your life. While you can't create miracles - they're a gift from the Divine - you can create the conditions for miracles to flow more fully in your life.

You can tap into your superpower more deeply by doing things like taking a walk in the forest, digging your toes into the earth, sitting in silence to watch a sunrise or sunset, or taking a few moments to connect with universal energy.

## Common Miracle Blockers

If you're a Divine Dancer, and you don't feel like you've stepped fully into your potential, it could be because **procrastination and overwhelm** are getting the better of you, which is common for Divine Dancers. You might resist taking practical action that would bring your biggest dreams into concrete reality.

Your biggest dreams need action from you to become a reality, and maybe you need to take a little more inspired action to co-create your dreams with the Universe. Doubt, fear of failure, or worry about what others think might be keeping you from fully stepping into the Miracle Zone.

It's common for a Divine Dancer to wonder, "Why can't I translate all of this inner work into the outer world? I'm so inspired at yoga class and while meditating - so why aren't things changing for me in other areas of my life?"

If you have trouble taking consistent action on your big visions or if you find yourself saying that you "trust in the Universe" but really, underneath it all, you feel a little bit overwhelmed - then you could be missing out on the full possibilities as a Divine Dancer.

Divine Dancer friend, your ability to live in the present moment is powerful, yet it's even MORE powerful when you're planning and taking responsibility for your future. And if you're not able to do that, you can find yourself stuck outside the "Miracle Zone."

And that means not being able to expand into your fullest potential to create the success on every level that you know you're on this planet for. You may feel a deep sense of yearning to make a greater impact, knowing you haven't stepped into sharing your gifts fully.

Instead, you may be experiencing the "mediocre zone" where much of life feels like an uphill struggle, you get bogged down in day-to-day stress, anxieties, and insecurities, and you can't seem to make things "click" even though you KNOW you're just scratching the surface of how good life can be.

## The 5 Essential Superpowers

In order to fully create the circumstances for more miracles to flow in your life, there are FIVE things you need to be doing, and *trusting in the Universe* is one essential ingredient. And even though Divine Dancer is YOUR superpower, it takes embodying all 5 areas to truly live in the Miracle Zone and open to the flow of miracles and joy and abundance you never thought was possible. Here are the other 4:

### Live From the Soul

Deeply connect to your inner source of power and wisdom, and trust yourself and your intuition, even if that sometimes means going against the crowd or conventional wisdom.

### Lead with an Open Heart

Let love lead, and practice gratitude, forgiveness, and compassion. Be loving, generous, and empathetic.

### Choose Where You Put Your Energy and Attention

Be intentional when it comes to what you want to bring into the world, and consciously focus your energy on what you want to create.

### Take Responsibility for Your Life

See yourself as a victor of life and believe in your vision of what's possible. Embrace and honor your creative power.
